The Two Deuce club, a recently
formed organization of young men,
will hold a meeting tonight to re-
ceive the report of the committee on
quarters.

This committee last night called
upon Joseph Barnett, owner of sex-
ual properties here, and Mr. Barnett

over the old Crystal theater for use
as club rooms. Later, when it is an-
nounced P. F. McCanna will have
charge of the rooms; the boys expect
to pay a reasonable rental for them,

rooms. Several applications for

REMAINING WRECK VICTIMS WILL RECOVER

Death Claims Fireman Scott
at 9 O'Clock Last Night,
But Six Others Are Expect-
ed to Get Well.

Although death claimed Fireman
Frank A. Scott, one of the Scholle
wreck victims, at 9 o'clock last night,
railroad officials today state that the
remaining six men who were injured
in the accident Monday afternoon will
recover. At noon today no change
for the worse had been reported in
the condition of any of the six.

Fireman Scott was scalded fright-
fully and suffered a great deal from
shock sustained in the wreck. Scott
is the third man claimed by the grim
reaper as a result of the accident.

He was fireman on the lead engine
of the two light engines coming
down the hill from Mountainair when
the wreck occurred. The firemen on
the eastbound local, into which the
light engines crashed, were instantly
killed. They were Ned Keith and A.
J. Daugherty. Daugherty is from
Clovis and Keith was a Helen man.

Mr. and Mrs. Scott, parents of the
young fireman, were with their son
when death came.

Daugherty's parents are expected
to reach this city on No. 1 this evening.

Cause of Wreck Unknown.

Just why there was a wreck is un-
known. Engineer Pat Maloney, who
was on the lead engine of the light
engine extra, is delirious as a result
of his injuries, and has not talked
connectedly. As nearly as can be
ascertained at this time, the extra,
composed of the light engines, was to
meet and pass the local at Scholle.

Why the local and pass order was not
executed will not be known until an
official investigation can be held.

The engineers of the local, bound
up the hill toward the east, were C.
H. Napslinger and Ed. V. Pierson.
Pierson is expected to be out in a
few days.

The mother and sister of Roy
Horton, the operator of the Scholle,
who was riding one of the light en-
gines at the time of the wreck, are
with him at the hospital, and relatives
of Thorne and Schmidt are ex-
pected to arrive in Albuquerque to-
night.

General Manager F. C. Fox had his
car brought down to the wreck as
soon as he received word of the ac-
cident, being on the road at the time.
He brought relatives of the injured
men to the scene, and spent several
hours at the wreck, assisting in get-
ting the bodies of the dead firemen
out of the debris.

Thirty-two more
NEEDED TO GO
ON TRAIN

Sixty-Eight of Necessary
Hundred Have Signified
Intention of Attending Ir-
rigation Congress.

Thirty-two more people to go on
the trip are all that are needed to
make the special train to the irriga-
tion congress a reality, instead of a
rosy hope. Secretary H. B. Hebling
of the Bureau of Immigration today
stated that he believed this train
would be worth every cent it cost, just
as an advertisement for New Mexico.

The fares are low, a rate of close to
\$53 having been made for the round
trip from southern points, and a
slightly lower one from northern
points, but it is absolutely necessary
that 100 people attend the congress
in order to make this rate effective.

If the hundred are not secured, the
others will go in private cars. The
rate allows the privilege of remaining
in Chicago several weeks before com-
ing back, as the tickets carry a 30-
day return limit.

Hopewell Boosting Trip.

Col. W. H. Hopewell left this morning
for Las Cruces and El Paso to
boost the trip project in the southern
section of the state. Five more ap-
plications for space on the train were
received today.

McDonald Invited.

Governor-elect W. C. McDonald has
been telegraphed in regard to attend-
ing the congress and making the trip
on the special, and it is very likely
that he will accept. Should he do so,
there is no question but what he
might be of great value to the new
state by presenting her claims to the
congress. If he went it would be the
first time a first governor of any state
attended such a gathering.
